EMJ, a Technology Solutions Division of SYNNEX Canada Limited, is a Canadian distributor of **Auto-ID, Bar Coding, Professional Video, Point-of-Sale, Card Technology, RFID and Security Products**. Our customers are resellers who primarily focus on vertical markets including **government, healthcare, logistics, retail, route accounting, broadcasting and transportation**.

**At EMJ, our people are what make us different.** We are devoted to bringing our customers **the technical expertise and the technology solutions** that they require to be successful. We are committed to growing our customer's business as well as our own, by increasing your profit margin through our unique specialty product offerings and by introducing you to new market opportunities.
